DIVERSITY AND INCLUSION

Diversifying Archaeological Education Collaborative Group, Co-Director Fall 2021-current
Supported by the CAS Collaborative Humanities grant program, this group seeks to identify and address issues that limit diversity in archaeological programs at UofSC and create a collaborative network that generates interest in and access to undergraduate and graduate studies in archaeology in communities traditionally not involved in the discipline. In our first semester the collaborative group organized archaeological workshops and talks at two local HBCUs, sponsored a conference travel scholarship for underrepresented students, identified funding sources to support future student fieldwork participation, and began organization of a thematic graduate student speaker series and invited speaker panel for the spring 2022 semester.

Diversity and Inclusion Committee Member Fall 2021-current
Serve as the representative of the Department of Anthropology to the College of Arts and Sciences Diversity and Inclusion Committee. In addition to contributing to college-wide discussions concerning general DEI issues on campus, I also serve on the Student Recruitment, Retention, and Advancement subcommittee, and as chair of the subcommittee in spring 2022.

Anti-Racist Education Course Participant Fall 2021-current
Participant in professional development series of six 2-hour courses that highlight the frameworks, strategies, tools, and knowledge bases on teaching using racially inclusive practices, countering anti-blackness, and increasing awareness of the context of race.

Diversity and Inclusion Academy Certificate Program Spring 2021-Current
Attend professional training sessions through the UofSC Center for Teaching Excellence regarding various topics of diversity and inclusion. Sessions incorporate training on Anti-bullying, Anti-racism, GreenZone Ally Training, Intercultural Training, SafeZone Ally Training, Sexual Harassment Prevention and Reporting, and Trans Advocacy Training.

SC Welcome Table Fall 2018
Attended 6-week community racial reconciliation group guided by trained facilitators who helped members understand and talk about racial divisions that have hampered unity and social justice. The hallmarks of these discussions were candor, mutual respect, listening and learning from each other and are based on trust and perseverance.
